LED MOVING LIGHTS

ASL-310Z	ZOOM SPOT LED 300MH • A 300W white LED lamp, 7500K 8/16 bit smooth and precise resolution for PAN/TIL 540°/630° PAN and 270° TILT, Scan position memory, auto reposition after unexpected movement, Linear motorized zoom with 12° to 36° beam angle, 1 Rotatable gobo wheel with 7 rotatable and interchangeable glass gobos plus open with speed adjustable, stream effect, dithering effect and rotatable clockwise or anticlockwise, Gobo indexing, Gobo size 26.9mm (external dimensions)/21mm (inner dimensions), 1 Static gobo wheel with 9 gobos plus open, Gobo overlay (gobo morphing), 1 Color wheel with 7 colors plus open. Variable direction rainbow with speed adjustable, 2.5m-15m electric focus. Motorized linear iris, 3-Facet prism with variable speed and direction, Variable linear frost filter (Hybrid effect for wash). 0-100% Linear LED dimmer. 25T/sec. Shutter/Strobe effect with variable speed. Preset variable / random strobe and dimming pulse effect, 14/15/17 DMX channels USITT DMX-512 DMX512, master-slave, and sound activated controllable or auto, operation(8 built-in programs) DMX recorder and edit function integrated.	6'150.00	✓
ACL-450-RGBW	WASH ZOOM LED 450MH • LED Wash 450 Zoom is the most versatile and bright Wash LED moving head in its range, suitable for all top applications. A perfect color mixing and a uniform projection make LED Wash 450 Zoom the best choice on the market. LED Wash 450 Zoom is equipped with 30 high power OSTAR RGBW LEDs combined with a dedicated optical system, delivering 15,000 Lumens. Perfect RGBW color mixing, High quality optical system, Linear zoom 8° - 50°, Adjustable color temperature 2700K-8000K, silent operation (only 15 dBI), 10,500 lux @ 5 m, Free pan rotation system lightweight: only 10.5 kg	7'490.00	✓

PROMO 5 LED • Effect / Gobo Projector

160W

PRF0150-W	Promo 5 LED it's a rotating image luminaire that features either a rotating or fixed gobo. FEATURES: - 160W ultra-bright and high-quality LED 5500K. - CRI>90 - 1 Rotating gobo, interchangeable - Continuous gobo rotation with On/Off switch - Double gobos accessory for water and snow effect is available - Adjustable Zoom 20° - 40° - Adjustable Focus - Power consumption 160W - Available cover for outdoor installation (COVER150)	1'860.00	✓
	Accessories for PROMO 5		
COVER150	Cover for outdoor installation	225.00	✓
EFR0150	Motor and plate kit for continuous rotating	345.00	✓
KITACQUA150	Kit with color filter and glasses for water effect	250.00	✓

FIBER OPTICS LUMINAIRE

Indoor

AR2951-RGBW	<p>This powerful fiber optics luminaire is available only in the Elite series. It is fitted with an aluminum body and mounts a 250W LED light source. RGB+W color mixing is controllable via standard DMX signal. Moreover, the adjustment of the rotation speed as well as with standard DMX512 signal, can also be performed through a simple rotative potentiometer. This makes it the ideal unit where both energy savings and flexibility of usage are required. The unit can mount fiber optics bundles with diameters from 8.3 to 28 mm in size. This luminaire, like all those of the Elite Series is made in Italy and contains premium components such as high performance power supply featuring ripple-free technology and color temperature persistence with high MacAdam classification.</p> <ul style="list-style-type: none"> - 230 V ac 50Hz, 250W - 250W RGBW interchangeable LED Module - Color mixing RGBW - DMX 512 control - 5/8 selectable DMX Channels - Linear dimmer 0-100% - DMX dimmer - Digital display - Control connections, Neutrik XLR 5P In&Out - Power socket IEC320 - Aluminium and steel plate body. Scratch resistant black epoxy powder paint - Fiber adaptor 30mm - IP20 - Insulation class I - Suitable to be fitted on normally inflammable surfaces 	2'730.00	✓
AR2953-W	<p>This fiber optics luminaire is available only in the Elite series and it is fitted with an aluminum body and utilizes an 80W LED light source. It is available with both a DMX dimmable version and an ON-OFF version. The fiber optics combined with LED light sources allow substantial energy saving, making it ideal where both energy efficiency and flexibility of usage are required. The unit can mount fiber optics bundles with diameters from 8.3 to 28 mm in size. This luminaire, like all those of the Elite Series is made in Italy and contains premium components such as high performance power supply featuring ripple-free technology and color temperature persistence with high MacAdam classification.</p> <ul style="list-style-type: none"> - 230 V ac 50Hz, 80W - 80W interchangeable LED Module - Color Temperature 6000 K - DMX 512 control - 2 DMX Channels - Linear dimmer 0-100% - DMX dimmer - Digital display - Control connections, Neutrik XLR 5P In&Out - Power socket IEC320 - Aluminium and steel plate body. Scratch resistant black epoxy powder paint - Fiber adaptor 30mm - IP20 - Insulation class I - Suitable to be fitted on normally inflammable surfaces 	2'070.00	✓
AR2952-W	Same Features like AR2953-W, but without DMX – only on/off	1'380.00	✓

FIBER OPTICS LUMINAIRE

Outdoor

AR2955A-RGBW	Same Features like AR2951-RGBW, but in a waterproof, stainless Steel Body	3'170.00	✓
AR2954A-W	Same Features like AR2953-W, but in a waterproof, stainless Steel Body	2'090.00	✓

Halogen &
Dicharge Lamps**

Upon request, we are pleased to offer you all products with a halogen or dicharge lamp from the catalog. However, due to low demand, these products are not listed on the price list. We ask for your understanding.

DMX CONTROLLERS

CO616	LED Player 512: Led Player is the ideal DMX512 Software for all Architectural applications or small/medium-sized projects. It manages all LED technology-based equipment and can control any type of standard DMX appliance. The software is the most user friendly and affordable solution for DMX lighting control. Package comes with interface (512 channels), IR-Remote, USB2.0-cable, Software (Windows & MacOS)	590.00	✓
CO512	DMX MAX 512 LIGHTING DESK: TECHNICAL DATA: 90-250 V ac 50/60Hz, 5W • Standard DMX512/1990 • 512 DMX channels • Optoisolated output • Up to 30 intelligent fixtures may be connected with a maximum of 32 channels each • Users can allocate DMX channel to each intelligent fixture dynamically • The X/Y channels of different intelligent fixtures can be controlled by modulation wheels • Up to 50 SHAPE generators • SHAPE track control is provided to control such effects as circles, lines and shapes like 8, etc. • 30 Chases, up to 100 steps each • Trigger mode selectable: Music, Auto or Manual speed • 6 Chases, 30 Scenes operated at the same time • At most 30 intelligent fixtures can be selected simultaneously • Flash memory card slot is provided. Each flash memory card can record the whole data of controller • LCD display with backlight • Control connections, XLR 3P Out x2 • Power connections, IEC320 socket • Aluminium and steel plate body. Scratch resistant black epoxy powder paint • Dimensions: 485 x 267 x 85 mm • IP20 • Insulation class I	2'100.00	✓
CO048	DMX TG48 LIGHTING CONSOLE: • 100-240 V ac 50/60Hz, 5W • Standard DMX512/1990 • 48 DMX channels • Optoisolated output • 24 preset faders (2 pages) • 12 sub-master faders • 96 scenes (8 pages) • 24 chases, up to 120 steps each • Trigger mode selectable: Music or Auto • LCD display • Control connections, XLR 5P Out x2 • Power connections, IEC320 socket • Aluminium and steel plate body. Scratch resistant black epoxy powder paint • Dimensions: 482 x 310 x 95 mm	2'300.00	✓
CO693	DMX SPLITTER: • Input: 1 x DMX512 / XLR 3-pin • Link: 1 x DMX512 / XLR 3-pin • Outputs: 8 x DMX512 / XLR 3-pin • Optoisolated outputs	420.00	✓
CO677	DMX CONVERTER: • Input signal: DMX512/1990 standard • 6 Channel DMX512 to 6 Channel 0-10V / 6 relay outputs • Standard DMX512 signal input / Address code settable • Conversion DMX512 signal to DC 0-10V analog signal • DMX512 signal to relay output (max. 8A per channel / 230V) • Sizes: L360, W190, H60 mm	780.00	✓
